• English	<div><div></div></div>
• German	<div><div></div></div>

HOBBIES

• Mountaineering	• Climbing
• Photography	• Triathlon

EXPERIENCED SOFTWARE DEVELOPER

My Bachelor in Software Development prepared me for finding the most suitable and up-to-date solutions to any technical problem.

I believe that quality software is the product of well-thought-out architectural design as well as meticulous implementation.

My passion for ensuring these two will help any team deliver scalable and maintainable end products.

EDUCATION

Erhvervsakademi Aarhus - Aarhus, Denmark

BSc in Software Development

02/2018 - 06/2019

- | | |
|-----------------------------------|---------------------------|
| • Development of large systems | • System integration |
| • Databases for developers | • Test driven development |
